

CryptoPay Credit Card System

Save on processing fees by consolidating multiple charges using the CryptoPay Credit Card System!

Designed with unparalleled security, innovation, affordability, and ease of installation, The **CryptoPay Credit Card System** offers a reliable and economical solution to adding credit card systems to your self serve bays, vending islands, and vacuums. This system combines multiple charges from the same customer into one in order to have one processing fee. This simple money saving process is trackable through an online CryptoPay account. CryptoPay has a tested and proven track record of bringing cost-savings, convenience and secure credit card acceptance to your facility for a low startup cost.

Features:

- CryptoPay Credit Card Encryption
- Wireless Card Readers
- Transaction Consolidation
- Affordable & Easy to Install
- Cloud-Based Analytics & Receipts
- Low Start Up Cost
- No Minimum Card Reader Purchase

Available to use on new & existing:

- In Bay Self Serve Meters
- Splash-N-Dash Systems
- Vacuum Units
- Vending Islands
